

## USB-C 3.2 GEN2X2 20Gbp EXTENSION CABLE

USB-C male to female extension cable designed to extend the reach of your USB-C devices, including mobile phones/tablets, laptops, and other compatible devices.

Our cable provides up to **5 amps** of USB-IF certified charging and is compatible with Thunderbolt™ 3.

Completely Plug & Play, you only need to connect the cable of your device to the screen. Furthermore, it is **bidirectional**, allowing audio and video signals to flow in both directions.

The USB Type-C connector is easier to use than previous generation USB connectors. Its reversible design allows you to connect devices with either side up.

### Specifications:

- The cable offers up to 5 amps (100W) of charging power.
- Data transfer speed of up to 20Gbps.
- Compatible with 4K video at 60Hz.
- Compatible with Thunderbolt™ 3 ports.
- This USB-C cable is USB-IF certified, which means it meets all USB 3.1 specifications.
- Braided cotton cable.
