

USB-C, USB-A/PD 20W CHARGERS

Powerful, safe and versatile, these chargers offer solutions tailored to every need. From the most compact model with **fast and stable** USB-C charging to versions with **dual outputs** combining **USB-C PD** and **USB-A QC** ports, they all guarantee efficient and safe power for your devices. Their lightweight, minimalist design makes them perfect for home, office or travel use, always backed by Nanocable's quality guarantee.

Thanks to its smart technology, it **adapts the power** according to the connected device, protecting the battery and extending its useful life.

Its **compact** and **lightweight** design makes it easy to carry, making it the perfect accessory for everyday use.

Enjoy **fast, stable, and secure charging**, optimised to deliver maximum performance without overheating or interruptions.

Specifications:

10.10.2021 model

- Charging port: 1 USB-C
- Input voltage: 100-240V 50/60Hz 0.6A
- Output voltage: USB-C PD: 5V/3A, 9V/2.22A, 12V/1.67A

10.10.2022 model

- Charging ports: 1 USB-C PD + USB-A QC
- Input voltage: 100-240V 50/60Hz 0.6A
- Output voltages:
- USB-C PD: 5V/3A, 9V/2.22A, 12V/1.67A
- USB-A QC: 5V/3A, 9V/2A, 12V/1.5A or Set: 5V/3A
- PPS: 3.3 - 5.9V - 3.0A, 3.3-11.0V 1.8A

10.10.2023 model

- Charging ports: 2xUSB-C/PD (USB-C1 + USB-C2)
- Input voltage: 100-240V 50/60Hz 0.6A
- Output voltages:
- USB-C1: 5V/3A, 9V/2.22A, 12V/1.67A
- USB-C2: 5V/3A, 9V/2.0A, 12V/1.5A or Set: 5V/3A

- Standards: CE, ROHS
- Functionality Test: 100% tested
