

2X USB-C TO 3X USB-A + 2X PD + HDMI + DP + AUDIO KVM SWITCH

10.12.0003

EAN: 8433281017641

Two devices. One workspace.

A compact, powerful KVM switch designed to switch seamlessly between USB-C devices, maintaining 8K video, peripherals and charging from a single control centre.

Its **button-operated selection** system makes it quick and easy to switch between devices, optimising space and workflow.

It features HDMI and DisplayPort outputs with support for **up to 8K@60Hz**, as well as USB-A ports for peripherals and two USB-C Power Delivery ports delivering **up to 100W**.

It works without drivers thanks to its **Plug & Play** system. Compatible with Windows, macOS, Android and Linux, it integrates easily into a variety of working environments.
