

HDMI 2.0 TO DISPLAYPORT V1.2 CABLE CONVERTER 10.16.0205

EAN: 8433281012844

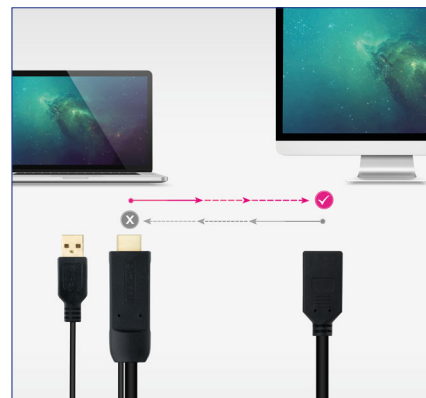

Transfer the HDMI signal to Displayport. It is compatible with HDMI 2.0, DP V1.2 and earlier. It also has a power supply through its USB-A cable in case you need it!

Break the boundaries! Connect an HDMI device to a monitor with DisplayPort input.

Do you need more energy? Connect the USB-A to supply your connection in order to be optimal.

Enjoy high definition like never before. Our converter supports up to 4Kx2K at 60Hz!
