.....
EAN: 8433281015548

One port, infinite possibilities. Turn any space into your hub with the power and agility you need. Compact, sleek and always ready to expand your digital horizons. Total fluidity between devices, no interruptions, no limits. Because when everything is connected, everything is possible.

Small but powerful. **Multiply by 5 your possibilities** in a minimum space and with a solid structure.

Enjoy true picture quality thanks to its HDMI connection with **up to 4K30Hz capability**.

Connect your devices thanks to **USB 3.0 technology** and enjoy a stable and reliable connection of **up to 5 Gbps**.

Specifications:

- USB-C 3.1 connection, USB3.1 Gen 1 data transmission and compatible with PD 3.0 5V-20V 3A.
 - 3 USB-A 3.0 connections, have a data transfer rate of up to 5 Gbps, making it easy to connect hard drives, USB flash drives, keyboards, mice and more without loss of speed. (Note: The total current of the 3 USB 3.0 outputs depends on the USB output current of the device to which it is connected).
 - USB-C CHARGE connection, PD3.0 input Max 100W (Note: does not transfer data)- HDMI connection, 4K@30Hz. Ideal for presentations, streaming and multitasking on external displays.
 - No software or drivers required, a fully plug and play solution. Simply plug it into your computer and start using it right away.
 - Compatible with Windows, MacOS, Android and Linux distributions
- NOT all devices with USB-C connection can work with the HDMI output of this converter. ONLY devices with Thunderbolt3 or USB-C connection that support DP ALT mode (DisplayPort Alt mode or DisplayPort Alternate mode).**
