

HUB USB-C 8 EN 1, CONVERSION USB-C 3.1 A 2XUSB-A 3.0 + 3XUSB-C 3.0 + USB-C PD + HDMI + AUDIO JACK 3.5 10.16.4608

EAN: 8433281015555

This versatile hub transforms your workspace, enabling fast and secure connections to multiple devices, including data transfers, 4K streaming and efficient charging, all in a sleek, compact design.

Small but powerful. **Multiply by 8** your possibilities in a minimum space and with a solid structure.

Enjoy true picture quality thanks to its HDMI connection with **up to 4K60Hz capability**.

Connect your devices thanks to **USB 3.0 technology** and enjoy a stable and reliable connection of **up to 5 Gbps**.

Specifications:

- USB-C 3.1 connection, USB3.1 Gen 1 data transmission and compatible with PD 3.0 5V-20V 3A.
- 2 USB-A 3.0 connections, have a data transfer rate of up to 5 Gbps, making it easy to connect hard drives, USB flash drives, keyboards, mice and more with no loss of speed. (**Note:** The total current of the 2 USB 3.0 outputs depends on the USB output current of the device to which it is connected).
- USB-C 3.0 connections. Compatible with USB-C devices such as laptops, tablets, smartphones, external hard drives, USB flash drives and other peripherals.
- USB-C CHARGE connection, PD3.0 input Max 100W (**Note:** does not transfer data).
- HDMI connection, 4K@60Hz (**Note:** the video chip in RGB mode, only supports 4K/30Hz, but in YCbCr mode it can reach 4K/60Hz).
- Audio connection, 3.5mm jack port. Compatible with headphones and microphones for clear, interference-free sound.
- No software or drivers required, a fully plug and play solution. Simply plug it into your computer and start using it right away.
- Compatible with Windows, MacOS, Android and Linux distributions.

NOT all devices with USB-C connection can work with the HDMI output of this converter. ONLY devices with Thunderbolt3 or USB-C connection that support DP ALT mode (DisplayPort Alt mode or DisplayPort Alternate mode).
