

ADAPTER CABLE C14/M to CEE7/H “Schuko”

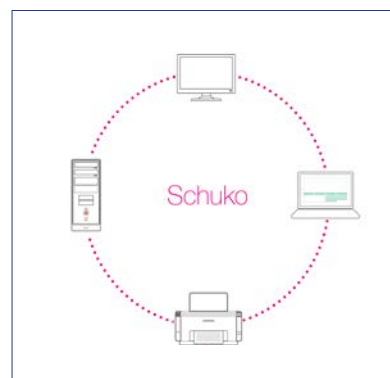

Power adapter cable for UPS that do not have Schuko sockets.

The adapter cable **has a female CEE7 (Schuko) connector** at one end.

The other end is a **male C14 connector** that plugs directly into the UPS.

Connect your usual devices to a UPS and keep them safe from any electrical failure.

Specifications:

- Adapter cables C14/M to CEE7/H 'Schuko' 25 cm and 50 cm.
- Compliant with RoHS directive.
- Packaging: Self-sealing retail bag or OEM bag.
